• Mongoose	• Sequelize for MySQL	

PROJECTS

Octopi Business Management Platform ☀

Dec 2024 – Present

Developed a Next.js-based business management platform to streamline scheduling, client management, inventory tracking, accounting, and analytics. Built a user-friendly interface with React.js for efficient management of bookings, customer data, and real-time reports, enhancing operational efficiency and user experience for businesses.

Matlop ☀

Jul 2024 – Aug 2024

Developed a Next.js-based project tailored for the Saudi market, designed to meet the diverse needs of workers by providing a wide range of services. The project focuses on delivering a user-friendly experience while addressing the specific requirements of the local market.

Sianches For real estate

Feb 2024

Sianches, a real estate sales and rental platform, is developed with Next.js and Tailwind for an optimal user experience. I also built a comprehensive React.js dashboard for efficient property management, merging modern technology to enhance the real estate transaction process.

Tartel

Jul 2023 – Aug 2023

The Tarteel Dashboard is the central hub for managing the Tarteel platform, overseeing sessions, teacher and student profiles, content modification, and granting user permissions for platform customization and efficient management.

Shayek Delivery (React Native)

Aug 2022

Contributed to the development of the Shayek Delivery app using React Native, collaborating with a team to create a robust and user-friendly mobile application, ensuring seamless performance and a high-quality user experience.

Outlet

Aug 2024

Developed an e-commerce platform using Next.js for Outlet, aimed at providing a fast and intuitive online shopping experience, optimized for performance and user engagement

LIBRARY (NPM)

React-time-picker-roll

- Technologies: TypeScript, React.js, Status: Open Source (Contributions welcome)
- Description: A lightweight, customizable, and open-source time picker component for React.
- Link: <https://www.npmjs.com/package/react-time-picker-roll>
