Professional Summary	<div>Detail-oriented Frontend Developer with over 4 years of experience designing and developing innovative, user-focused web and mobile applications. Proficient in utilizing modern frameworks such as React.js, Next.js, Vue.js, and React Native to build scalable and responsive solutions. Adept at applying clean coding practices and leveraging advanced technical expertise to deliver high-quality, intuitive user experiences. Committed to continuous learning and staying at the forefront of cutting-edge technologies to achieve impactful results.</div>	
Skills	<div><div><div>• Development Technologies: HTML, HTML5, CSS, CSS3, Bootstrap, Tailwind CSS, Sass</div><div>• Frontend Frameworks: React.js, Next.js, Vue.js, Nuxt.js, jQuery</div><div>• Design Principles: SOLID Principles, Design Patterns, Clean Code Practices</div><div>• Mobile Development: React Native</div><div>• Responsive Design and User Interface Development</div><div>• UI Component Libraries: Mantine UI, shadcn/ui</div><div>• Build Tools: Webpack, Vite</div></div><div><div>• Programming Languages: JavaScript ES5 & ES6, TypeScript</div><div>• State Management Libraries: Zustand, Redux</div><div>• Version Control Systems: Git (GitHub & GitLab)</div><div>• Progressive Web Apps (PWA)</div><div>• Data Fetching: Redux RTK Query, React Query, JSON</div><div>• Problem Solving & Data Structures</div><div>• Testing: Jest, Cypress</div><div>• Database Management: Firebase, MongoDB</div></div></div>	
Work History	<div><div>11/2024 - Present</div><div>Senior Frontend & Mobile Developer</div><div>Quantum solutions, Abu Dhabi, United Arab Emirates (UAE)</div><div><div>• Developing web applications with React.js and Next.js and mobile apps using React Native.</div><div>• Ensuring seamless UI/UX across web and mobile platforms.</div><div>• Optimizing performance and integrating RESTful APIs and GraphQL.</div><div>• Applying SOLID principles and modern design patterns.</div><div>• Collaborating in Agile teams, contributing to code reviews and sprint planning.</div></div><div><div>01/2024 - 11/2024</div><div>Senior frontend developer</div><div>Alalmiyalhura, (Egypt, UAE)</div><div><div>• Developed and maintained responsive web applications using React.js and Next.js, ensuring high performance and cross-device compatibility.</div><div>• Implemented scalable frontend solutions for UAE and Saudi Arabia branches, enhancing user experience.</div><div>• Applied SOLID principles and integrated RESTful APIs to improve performance and maintainability.</div><div>• Optimized frontend performance, reducing load times and improving responsiveness.</div><div>• Built reusable React components and contributed to Agile workflows, including sprint planning and code reviews.</div></div><div><div>07/2022 - 01/2024</div><div>Front End Developer</div><div>Technoraft Software Solutions, Egypt</div></div></div></div>	

- Developed scalable web applications with React.js and Vue.js, ensuring modern, responsive designs.
- Built reusable components and optimized performance with Redux, Pinia, SSR (Next.js), and tree shaking.
- Built modular, reusable components and implemented state management libraries like Redux and Pinia, improving performance and maintainability.
- Migrated legacy code to modern frameworks, reducing technical debt
- Designed responsive UI using Tailwind CSS and Material-UI

10/2021 - 06/2022

Front End Developer

Apps square, Tanta, Egypt

- Designed and optimized layouts to enhance usability, performance, and cross-platform compatibility.
- Collaborated in Scrum Agile environments, contributing to sprints and conducting code reviews to ensure quality and security.
- Delivered high-quality designs within budget and timelines, meeting customer requirements and business objectives.

05/2021 - 09/2021

Front-End Developer, EPTEC

- Provided client support by delivering training, education, and resolving inquiries to enhance user satisfaction.
- Utilized industry-standard coding practices to design site layouts and create intuitive user interfaces.
- Developed user-focused visuals and interactive features using front-end technologies to drive increased site traffic.

Education

06/2020 **Bachelor of Management Information System, Obour High Institute For Technology & Informatics, Egypt**

Certifications

- Front End Developer Track - One Million Arab Coders Initiative ([Link](#))
- Web Design Development - From ATEC (Al-Obour Training & Education Center) ([Link](#))
- Web Design & Development Diploma - From ETC CENTER (Success Grade: Excellence) ([Link](#))
- ITITECHLEAPS Mean Stack Developer ([Link](#))

Projects

- **Matlop** ([Link](#)) (Jul 2024 – Aug 2024): Developed a Next.js platform tailored for the Saudi market, delivering user-centric services for workers.
- **Sianches Real Estate** ([Link](#)) (Feb 2024): Built a Next.js and Tailwind CSS platform for real estate transactions, featuring a React.js dashboard for streamlined management.
- **Tarteel Dashboard** ([Link](#)) (Jul 2023 – Aug 2023): Created a management dashboard for Tarteel, enabling session control, user profiles, and content customization.
- **T Closet E-commerce** ([Link](#)) (Sep 2023): Developed a Next.js e-commerce website for the U.S. market, prioritizing seamless user experience and performance.
- **Shayek Delivery** ([React Native](#)) (Aug 2022): Contributed to the development of a React Native-based delivery app, focusing on user-friendly and smooth functionality.
- **Outlet E-commerce** ([Link](#)) (Aug 2024): Designed a high-performance e-commerce platform using Next.js, optimizing speed and user engagement.
- **Outlet** ([Link](#)) (Mar 2024): Developed a Next.js platform tailored for the Saudi market, offering seamless navigation and enhanced user experience for clothing retail.
- **Taraqm Accounting** (May 2023): Developed intuitive UIs for accounting tasks, integrating subscription management and chat features to improve user experience.

Library (NPM)

react-time-picker-roll

- **Technologies:** TypeScript, React.js, **Status:** Open Source (Contributions welcome)
- **Description:** A lightweight, customizable, and open-source time picker component for React.
- **Link:** <https://www.npmjs.com/package/react-time-picker-roll>

Languages

Arabic: Mother Tongue. English: Advanced.
